8	Washer Ø5 DIN125	OT.04.01.010	3
9	Washer Ø8/20 SFS3738	OT.04.03.030	8
10	Nyloc nut M5 DIN985	OT.03.02.020	3
11	Nyloc nut M8 DIN985	OT.03.02.040	6

FITTING INSTRUCTIONS

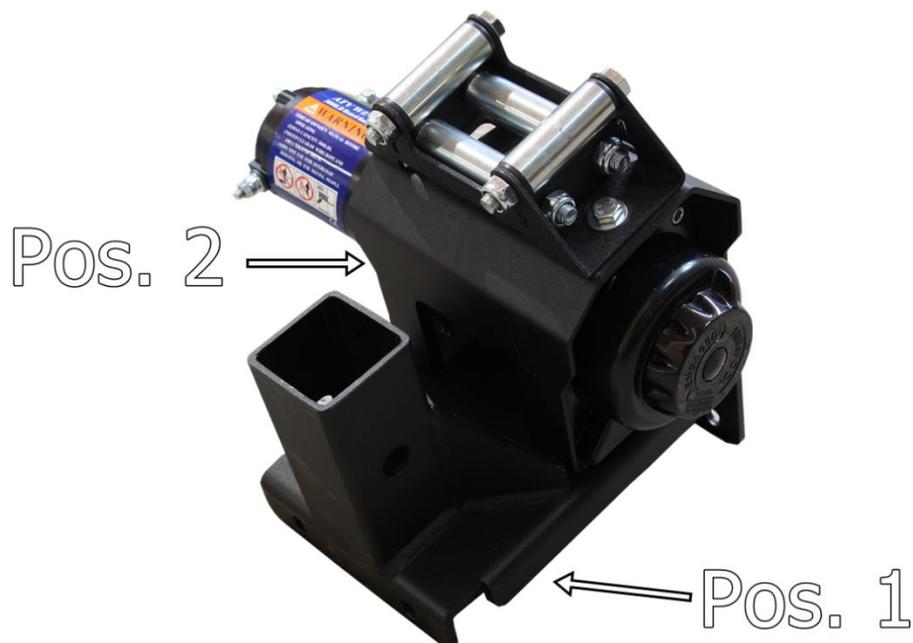

Step 1

Remove original trailer socket, numberplate holder and hitch (if installed). To remove numberplate holder, disconnect numberplate light plug.

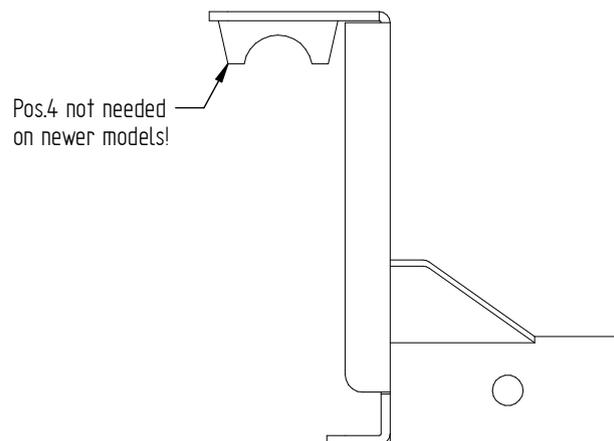

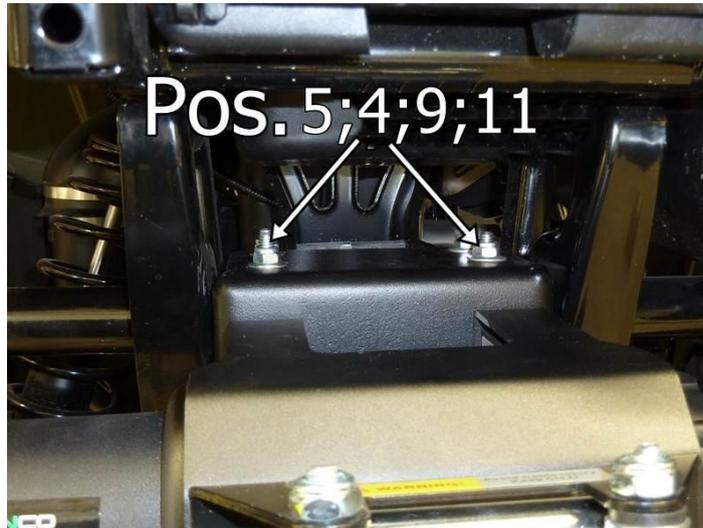

Step 2

Install fairlead to fairlead holder (Pos.2) and then install fairlead holder with winch to adapter (Pos.1). Use bolts supplied with winch.

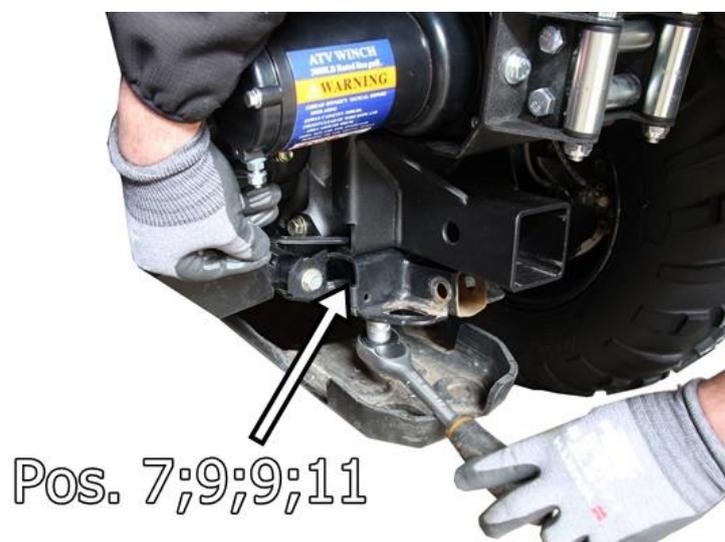

Step 3

First secure the top mounts of the adapter (Pos. 5). For easier installation pull the bottom part of the adapter away from the ATV frame.
NB! From MY2020 U-bolts may need some pushing/force to go over the tube on ATV. Newer models also may not need pipe clamp brackets (Pos. 4).

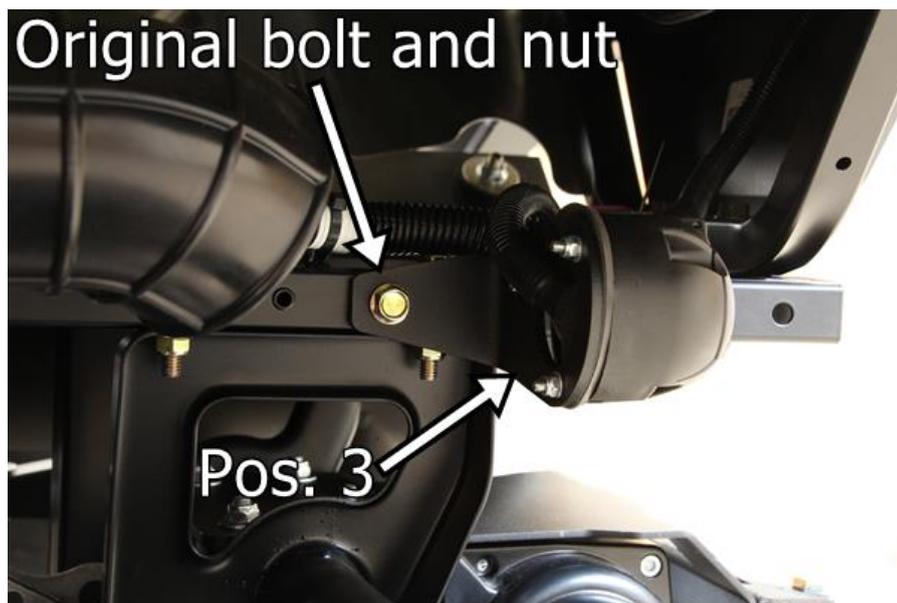

Step 4

Install winch adapter bottom bolts. If you're using IronBaltic skidplate, then release the rear installation bolts on the skidplate, to access the winch adapter nuts.

Step 5

Install trailer connector plate (Pos. 3) to the ATV and trailer socket to connector plate.
