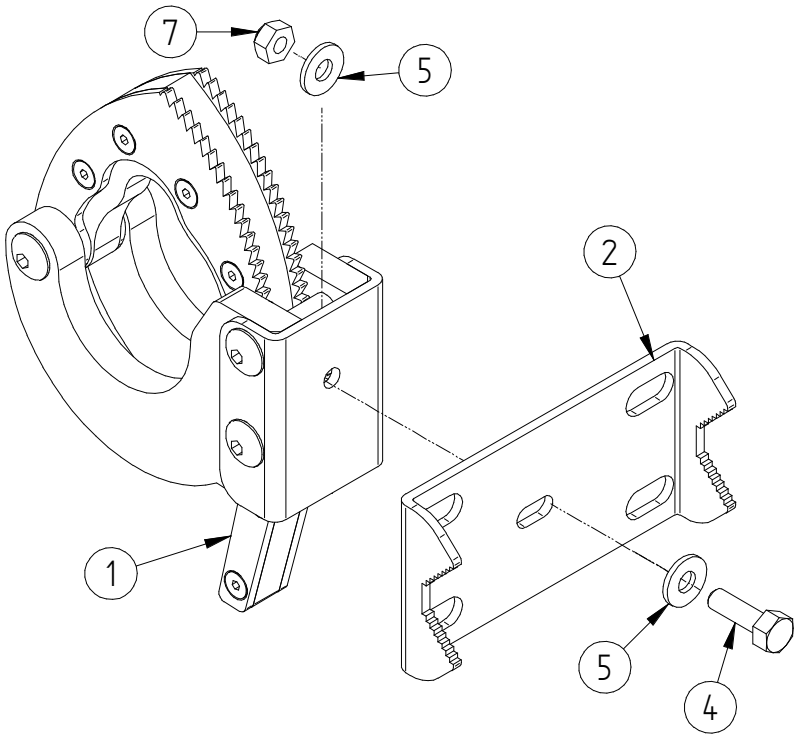
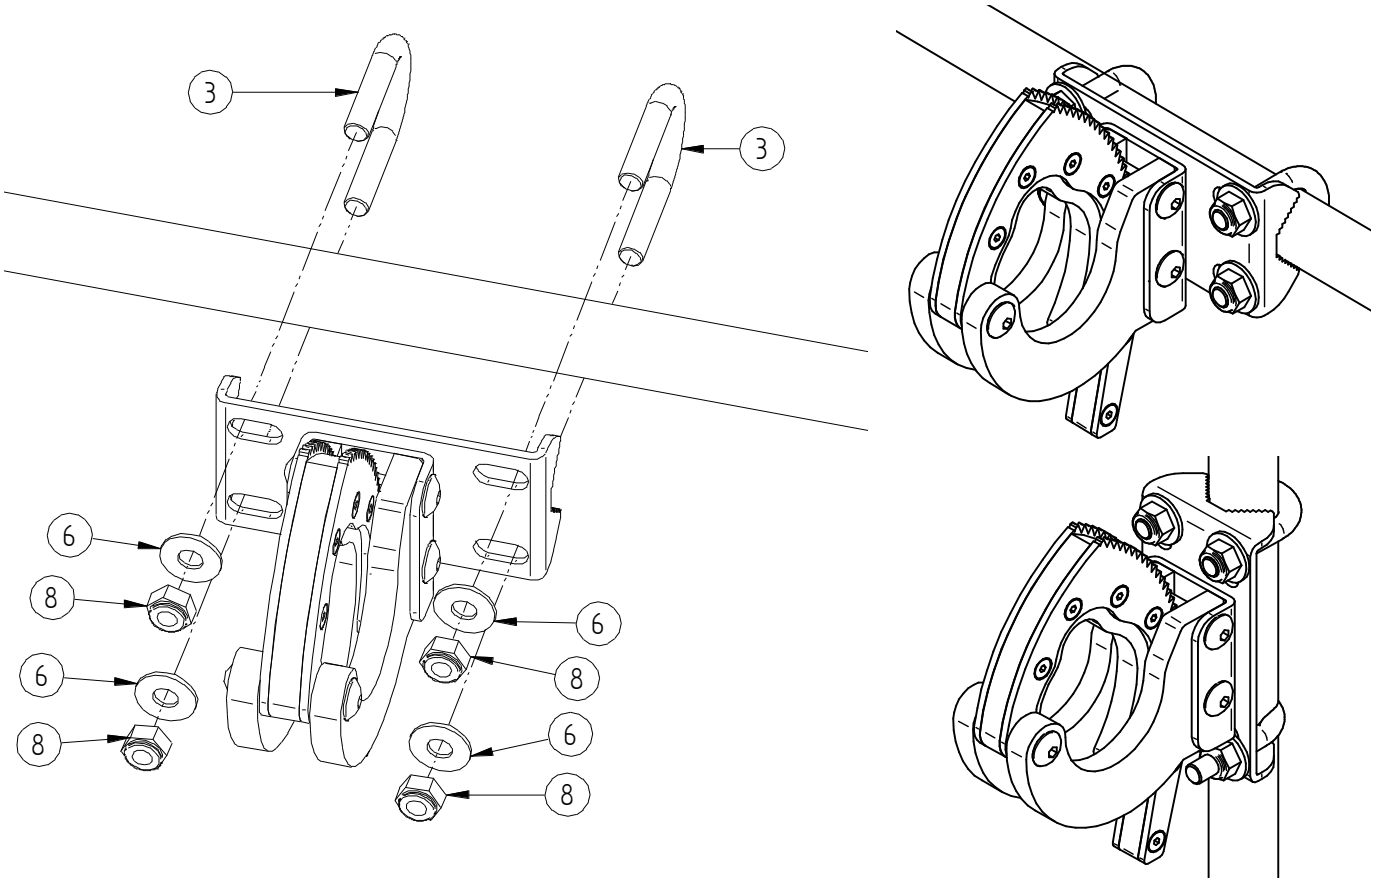
FITTING INSTRUCTIONS

Step 1 Fix the clamp to the base plate. Do not tighten nut and bolt!

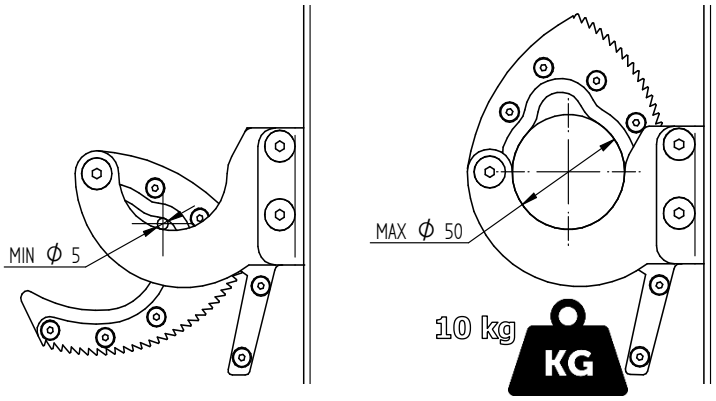


Step 2 Fix the clamp with base plate to the tube via U-bolts.
If position of the clamp is suitable, then tighten nuts and bolts.



CLAMP INSTRUCTIONS FOR USE

Clamps can be used to fasten tools with diameter 5-50mm in and weighing 10kg per clamp. Use two clamps to secure 20kg of tools.



You can secure the tools and other objects also by turning the clamp offset up to 80 ° clockwise and counter closkwise from horizontal 0° position.
To secure tools at angle, the surfaces must be clean and dry. Be sure that tools are correctly fixed without free play in between the clamp and secured object.
