FORM OF THE CONTROL	Credit/Exam
METHODS AND FORMS OF STUDENTS' WORK EVALUATION (CRITERIA AND FORM OF EVALUATION TO GET A CREDIT FOR THE COURSE)	<p>Credit is the form of control in the 1st, 3^d and 5th semesters. To pass the credit the student has to complete all modules defined by the academic study program and get grade of at least 60 points. In case a student is not satisfied with his/her grade, or if his/her wants to increase the grade, the student can get points on the test by completing a certain type and amount of academic work. The total score for the course is 100. The mastering score for the course is set according to the assessment scale.</p> <p>Exam is the form of control in the 2nd, 4th and 6th semesters. To pass the exam the student has to complete all modules defined by the academic study program and get grade of at least 75 points during the semester. In case a student is not satisfied with his/her grade, the points for module test papers are canceled and the current assessment grades are left and he/she takes the exam. The student can score the highest grade available of 60 points at the exam. The total score for the course is 100. The total current assessment score is 40 points. The mastering score for the course is set according to the assessment scale. Number of questions in the exam card is 3. Credit and exam are forms of control.</p>
POLICY OF THE SUBJECT	<p>The course requires the students to attend all practical classes to get the grade. Attendance is a compulsory component of assessment. The student may be absent from two practical classes for the following objective reasons such as illness, employment, international internship. In this case, training can take place online through Office 365 in the Teams team after a consultation with the teacher.</p> <p>Academic Integrity Policy.</p> <p>Student academic integrity policy assumes honesty about the nature of one's work in all situations such independent performance of all educational assignments of current and final control; references to sources of information are obligatory in case of use the ideas, developments, statements, information; providing reliable information on the results of</p>

	<p>scientific, creative activities, used research methods and sources of information.</p> <p>Deadlines and repeating policy. All missed practical classes are repeated online through Office 365 in the Teams team or by writing tests after a consultation with the teacher only if there is confirmation of a good reason for absence (certificate of absence due to illness or a statement about the need to miss class). Module final tests are not repeated.</p> <p>The exam or credit may be repeated in a case of the Examination Committee assembling.</p>
AIM AND TASKS OF THE COURSE	<p>The aim of the course “First Foreign Language (English)” is the formation of lexical and grammatical skills of students, a significant expansion of vocabulary based on the linguistic corpus of authentic texts with modern topics, development of basic communication skills, including creative writing that will ensure foreign language proficiency at the Upper-Intermediate (B2) level.</p> <p>In order to combine with other disciplines, the program includes mandatory elements of integrated learning. It also includes psychological and sociological tests, lexical exercises for memory development and associative thinking.</p> <p>The main tasks of the course are:</p> <ol style="list-style-type: none"> 1) to develop both pronunciation skills and intonation of various communicative types of sentences; 2) to form the ability and skills of correct reproduction and the main intonation models use in (prepared, semi-prepared and unprepared) speech; 3) to train and consolidate basic automatic skills in pronunciation, reading, spelling, structural design of language in oral and written forms providing the foundation for listening and speaking; 4) to design the ability of dialogic and monologue speech on a given topic, the ability to maintain a conversation, argue positions, ideas, opinions expressed, i.e. to teach oral speech in the framework as close as possible to the conditions of real foreign language communication; 5) to give students a clear idea of English grammar structure, to form a linguistic outlook; to develop the ability to analyze common and different in the grammatical phenomena of modern English and Ukrainian languages; 6) to guarantee proper use of form and meaning in the practice of communication (oral and written) and in the course of translation from English into Ukrainian and vice versa.
